

*The Force in Flexible Magnetics*®

**FEBRUARY 26, 2014**

**Attn:** To Whom It May Concern

**RE: HR 4040, OR CPSIA OF 2008**

Please be advised of the following information regarding HR 4040, or CPSIA of 2008, for Magnum Magnetics:

Per review of supplier-provided Material Safety Data Sheets and other documents such as letters of conformity as well as independent laboratory testing, our plain magnetic sheeting and extrusion is compliant with U.S. CPSIA allowable lead and phthalate content in consumer products.

Sincerely,

Joe Stout  
Director of Product Development & Quality  
Magnum Magnetics Corporation
