The Force in Flexible Magnetics®

Reaching new heights.

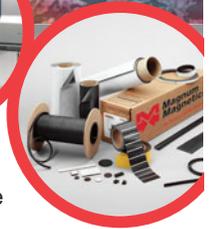

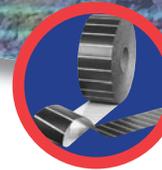

Magnum Magnetics was founded in this 10,000-square-foot building in Marietta, Ohio.

The products and services of Magnum Magnetics reflect over 30 years of experience in manufacturing flexible magnetic material, right here in America. Today, we still make our products in the US with two plants in our home state of Ohio. Our philosophy of providing you, our customer, with high-quality products manufactured responsibly has not changed. Our success has created opportunities to do more, delivering new products and services to give you unlimited possibilities.

Focused sales and solutions.

We have more people than ever looking out for your business. Your Magnum Magnetics' sales representative is a flexible magnet expert, trained to find the materials that best suit your projects, product and process. Backed by a responsive in-house service team, your representative in the field and the staff in Ohio are available to support you and answer questions promptly and professionally.

More products.

Driven by your input, we use our experience and knowledge of the industry to develop today the materials you'll need to meet tomorrow's trends. Our recent acquisition of Magnetic Specialty, LLC allows us to bring you more American-made brands, expanding your sales opportunities.

Reaching new heights.

Every company has a customer service department. We are a customer service company. With quality evaluations built into every point of the manufacturing process, you can be confident that the materials you order will be what you receive—with an order fulfillment process utilizing shorter lead times and prompt shipping.

Magnum Magnetics. Your partner for American-manufactured flexible magnetic materials continues to plan and grow toward the future of your business.

Our Promise to you. Magnum Magnetics provides superior customer service and high-quality flexible magnetic sheet, strip and custom profiles at competitive prices.
